

## Surfaces for architecture, interior and object design

### Surface solution

- cold-sprayable real metal coatings
- chrome optics
- soft-touch coatings
- further special coatings and effect coatings

### Application areas:

- **Architecture:** visual and functional effects for model making, store and booth construction
- **Interior Design:** highlights for furnishing and sanitary design
- **store/booth construction:** exceptional impressions in business related areas

### Advantages:

- diverse visual and haptical impressions
- several functional applications
- original surface structures to retain
- easy manufacturing also for single parts
- customized coatings possible

Esprit-Shop, Jonas store construction  
Archway from MDF, brass coating, polished

Varus mask, museum Kalkriese  
GFK, aluminium coating, polished

Oloid, BMW-World  
Artificial wood, chrome optic coating

Classic design object "Egg Chair"  
GFK, Soft-Touch coating, white

Table object "airscrew", Dula-Werke  
GFK, aluminium coating, polished

Sculpture – Thomas Scheibitz  
MDF, metal coating, rust patina

Notebook  
Copper coating, green patinated

Artificial stone  
Bronze coating, black patinated

Wash basin  
Ceramic, brass coating, polished

Light switch/case  
Brass/bronze/aluminium coating

"Joy of Color" store construction  
Acrylic glass, chrome optic coating

## Coatings and special surfaces

When a design idea takes shape, our dedication begins:

### Range of application

- prototyping in any research & development dept.
- design objects
- artwork
- model making /display construction
- store/booth construction
- architecture
- interior design
- small batch production

### Our service portfolio

- chrome optics
- cold-sprayable metal surfaces
- soft-touch coatings
- special coatings and effect coatings
- prototype construction by cooperation partners
- new: tinted carbon
- new: water transfer printing
